IV. **Statement of Public Notice**

This was a regular Meeting of the Board of Education of Bernards Township. Notice of the time and place of this meeting was provided and copies of that resolution were forwarded to the official newspapers as designated by the Board of Education and to the Township Clerk and a copy of the notice was posted on the bulletin board of the Board of Education Offices in accordance with P.L. 1975 Chapter 231A.

We very much welcome input from the public. There are two times during regular meetings that the public is invited to speak. One time is early in the meeting before the Board votes, and you may speak about any item that is listed on tonight's agenda. Towards the end of the meeting, there is another public forum to address any topic whatsoever.

When you approach the microphone, please state your name and address. We do not have a specific time limit, but we ask that you keep your comments brief. Please understand that our public forums are not structured as question and answer sessions, but rather they are offered as opportunities to share your thoughts with the Board. In instances where the Board feels that there is a misunderstanding or inaccuracy, a member of the Board or Administration will address it in the Board Response portion of the agenda.

There are times when a member of the public makes a comment or asks a question about an employee. New Jersey statute does not permit us to discuss personnel issues in public. Also as a matter of law, a Board of Education may only vote for or against the hiring of an employee upon the recommendation of the superintendent. If the superintendent does not recommend a person, that person's name is not listed on the agenda and there is no vote on that action. If it is necessary for the Board to go into executive session at the end of the meeting, we will provide an estimated length of time for the session and whether any action is anticipated to be taken upon returning to public session.

Project Citizen is a program of the Center for Civic Education. After selecting a project, middle and high school students participate in activities that focus on the role of state and local governments. The project selected, by Ridge High School students was ‘perceived underage drinking and substance abuse’ at the high school. The students presented the problem, the thoughts behind the action, statistics, percentages of use by Ridge High students as determined by the American Drug and Alcohol Survey, the social norm theory, and their policy plan both short and long term. A list of schools who selected a similar campaign and their results was shown. Ridge High students presented their plans on how to implement awareness within the school community. The final step will be the evaluation of the program’s success.

XI. Board Forum

1) Student Stressors

Superintendent Valerie A. Goger stated the results of the Student Stressor Survey will be available in mid to late July.

Dr. Goger read a thank you note from retiring teacher Carol Marin.

The Board discussed the proposals received in regard to the strategic planning process. Questions were asked regarding the proposals already presented. The general consensus was at least one additional presentation should be heard before committing to the process. Questions were raised regarding the amount of time the process will require and if timing is appropriate to begin such a complex project given the change and new initiatives the district is facing. Mr. Markarian stated the planning process could assist in solidifying the district goals and in determining the future direction of the district. He also agrees the district is going through change and would like to see time appropriately utilized. He will forward the recently completed Montgomery school district plan to the Board along with the last strategic plan the district developed.

Mr. Markarian stated there will be one possibly two Board meetings next week. One will be solely for the review of the Ridge High School traffic study and the other will be in regard to bid results for summer projects.
