

Cedar Hill School
Student Council
Coin Drive for Japan

Please help Cedar Hill School support the survivors of the earthquake and tsunami in Japan by supporting our coin drive. Students are being asked to bring in change and to deposit it in the jar in each of their classrooms. Student council members will be responsible for counting the change weekly and keeping an accurate record of each class' progress. All proceeds will go to the **American Red Cross** effort in Japan.

Thank you for all your support!
