

# *Healing Hearts*

*Made by Caring Kids*

**All proceeds will be donated to the American Red Cross to help the Japanese people heal.**

This week, each Liberty Corner student brought home a *Healing Heart*. These hearts were designed by our caring students. *Healing Hearts* help raise donations for the American Red Cross. This is part of an LCS Character Education project to help the people of Japan heal.

If you are able to give a donation, please return it to your child's teacher. No amount is too small or too large. Checks should be made payable to Liberty Corner School. We hope that you enjoy this heart, and wear it proudly knowing that it was made by your child in an effort to help others.

If you would like more hearts for other family members, please let your child's teacher know how many you would like. We have student volunteers making additional hearts. Your child can choose the heart he or she likes. They would make great gifts! Mother's Day and Father's Day are coming up soon. Below are pictures of two types of hearts students have made.

Thank you for your support.

**Quilled Hearts**

**Multimedia Hearts**
