September 2010

Dear Parent of Guardian,

Each year Ridge High School had provided every student with a student handbook, which included the school policies and procedures. In recent years the policies and procedures were posted on the RHS webpage and the students received only a planner with a RHS customized cover. This year, due to budgetary shortfalls, we had planned to make the planners available to students for a small cost to be used as a fund raiser for the sophomore class.

The planners were ordered and we expected delivery near the end of August and in time for the opening of school. As the end of August came, we were informed by the company that the planners would not be ready until the second week of September at the earliest. Later the company would amend that time to be on or about September 24th. It was then that I had lost trust in the company's ability to make good on their assertion and canceled the order.

In a survey conducted last year I was able to ascertain that a majority of our students found the planners to be useful. Unfortunately, due to circumstances beyond our control, we are not going to be able to provide for planners this year. I hope to find a more reliable company and make them available in future years.

Sincerely,

Francis T. Howlett Jr.
