

GOal Setters ©

We Invite All Special Needs/Autistic Team Players to the Field!

Introducing GOal Setters© a specialized soccer training program designed for children and young adults with special needs/Autism. This Program, done in collaboration with the Somerset County Park Commission Therapeutic Recreation department, has been created to invite players to take part in a team and to work directly with professional trainers and coaches on the field in age-appropriate groups.

Players will learn soccer skills and drills that help build footwork, coordination and self-esteem. Players participate in soccer scrimmages at the conclusion of each practice. Mini teams are formed and players will participate in a regulation game at the end of each 8-week program. Players will experience various field positions that best suit their unique playing abilities. Emphasis is always on a team spirit that encourages exercise and increased motivation, and above all else—fun! Team shirts are distributed at the first practice of each session.

Let's get GOing! Enjoy reaching your GOal with us at Soccer Centers. Register for GOal Setters© for the spring session now! Once registered somebody from the Somerset County Park Commission will contact you. **Registration Deadline is 23rd of March!**
