For those members of the public who are unable to attend our meeting in-person there are two livestream links of the meeting posted through the district website, [www.bernardsboe.com](http://www.bernardsboe.com). The two livestream links are both airing our meeting, each simply backs up the other to be prepared for possible technical difficulty.

We very much welcome input from the public. There are two times during regular meetings that the public is invited to speak. One time is early in the meeting before the Board votes, when you may speak about any item that is listed on tonight's agenda. Towards the end of the meeting, there is another public forum to address any matter of public concern related to the schools.

When you approach the microphone, please state your name and address. Each statement made by a participant shall be limited to three (3) minutes duration. No participant may speak more than once during a given public comment session. In order to run efficient meetings and to allow maximum opportunity for members of the public to speak, the Board reserves the right to set a different time limit for individual comments and/or to set an overall time limit for the public comment portions of the agenda. All statements shall be directed to the presiding officer, no participant may address or question Board members individually.

As a courtesy to those individuals unable to attend our meetings in person, public comment may be made remotely through Zoom. Interested individuals should navigate to the district webpage, [www.bernardsboe.com](http://www.bernardsboe.com), and select "Board of

Education" followed by "Public Comment" to review specific instructions, or click [here](#).

Public comments made in-person will be processed first, then comments via Zoom. No public comments will be accepted before 7PM or after item XVIII. Board Forum of the agenda begins.

Please understand that public comment portions of our agendas are not structured as question and answer sessions, but rather they are offered as opportunities to share your thoughts with the Board. The Board/Administration will respond to public comments to the extent possible. Any Board responses to public comments will generally be addressed during Board Forum, or during committee reports. However, all comments are considered and will be investigated and addressed as appropriate.

Please be courteous and mindful of the rights of others when speaking. Comments may not be abusive, obscene, threatening or irrelevant. Please understand that students and employees have specific legal and privacy protections. The Board is not permitted to respond in public to comments about students and employees. Please also understand that the Board will not be responsible for the content of comments made by members of the public. Members of the public are cautioned that they are speaking at their own risk and any personally directed statements they make may subject them to legal liability to the effected individual.
